HAPPY HOLIDAYS FROM MOSAIC GREEN COMMUTE

It's that time of year again when people scramble around for holiday gifts for all the special people in their lives. And with that scramble comes the traffic and parking nightmare that extends well past the normal congestion times people are used to for the area.

So why not skip it all together? Beyond ordering all of your holiday gifts via Amazon or shopping at all of the awesome shops here in Mosaic, you can still cruise the mall and purchase all of your gifts without having to fight for parking to do so. How? Hop on Metro to the mall, shop away, and don't worry about lugging all your packages home with you. Instead? Have them delivered with SAME DAY package delivery from Tysons Corner Center.

Yes, you read that correctly. You can have ALL of your packages delivered to your home the same day you purchase them. Just take your bags to the mall concierge by 6 p.m., give them your desired delivery time, and you track your packages via GPS until they arrive at your door. All this for the extremely low cost of \$5! Too many bags to carry them all the way to the concierge? You can text them for pick up instead! Check out www.tysonscornercenter.com/samedaydelivery for more information.

THANK YOU FOR TAKING OUR ANNUAL SURVEY

Thank you again to everyone who took our annual transportation survey. We enjoy hearing from you all about how you get around the area and how we can better serve you in the future! Here are some things we learned:

COMMUTING BEHAVIOR

- 68%** DRIVE ALONE
- 12%** TAKE THE MOSAIC SHUTTLE
- 9%** WORK FROM HOME
- 4%** WALK TO WORK
- 4%** USE ANOTHER FORM OF TRANSPORTATION (*carpool, bike, Uber, etc.*)
- 50%** OF MOSAIC RESIDENTS HAVE NEVER CHECKED THE TRANSITSCREEN GO LINK BEFORE EMBARKING ON THEIR DAILY COMMUTE

KNOW BEFORE YOU GO:

Earlier this year, Mosaic Green Commute installed a state of the art TransitScreen in the parking garage vestibule near Modera Mosaic. The screen shows real-time travel information for every possible way for getting around the area, including when the Mosaic Shuttle is scheduled to arrive next, what traffic is like to popular destinations in the area, how far away the closest Uber is, and what's going on with Metro. While the vestibule location for the TransitScreen may not be the most convenient location for everyone, there is another way to access all of this amazing information.

You can bookmark the TransitScreen GO link (transitscreen.io/go/mosaic) directly to your smartphone, tablet, or computer! By doing so, you have a shortcut to ALL of the transportation options in your area with real-time information in one, single location. No more fussing with multiple apps to see if taking Metro or grabbing an Uber is quicker. Don't worry about walking over to the Zipcar to only find it's already been reserved. Find it all in the same location and in real-time. There's nothing like it, so save the link today!
