DITCH YOUR CAR FOR DUMP THE PUMP DAY

June 18th is the 10th annual national Dump the Pump Day, where the American Public Transportation Association (APTA) and public transportation systems throughout the country challenge commuters to leave your cars at home for the day and try public transportation instead!

Riding transit is a great way to save money, particularly when gas prices are high in the summer. The latest APTA Transit Savings Report shows that a two person household that downsizes to one car can save an average of \$9,569 a year!

Looking for the best transit options to get you to work? Contact Mosaic Green Commute today at info@mosaicgreencommute.com, and we'll help match you to a transit route that works for you!

THE MOSAIC SHUTTLE

One of the best amenities Mosaic offers is shuttle service during morning and evening peak hours to and from the Dunn-Loring Metro. The shuttle stop in Mosaic is at the intersection of Strawberry Lane and District Avenue, and the shuttle stop at Dunn-Loring Metro is located at the intersection of Gallows Road and Prosperity Avenue, across from the WMATA bus stops. Running every 15 minutes, taking the shuttle offers a quick and convenient way to get to and from the Metro for your commute.

COMING SOON

Before you know it, the summer will have come and gone and it will be time for the annual Mosaic Green Commute Transportation Survey! Every year, Mosaic Green Commute wants to hear from you about how you get to and from work. Keep an eye out this fall for the survey and the great prizes you could win for your participation!
